

PowerSchool Parent Account Setup

Screenshots as of 04/21/2016

Access the PowerSchool Parent Portal through the new url: <https://nosto.powerschool.com/public>

By default, you'll come to the Sign In tab. The first time you access this screen, click on the "Create Account" tab.

Your next screen will look like this.

Click the "Create Account" button.

You'll be asked to fill in your information, name, preferred email, username (*you get to pick this!*) and a password (*again, you get to select one that works well for you!*)

You must add at least one student at the time you create your account.

What you'll need to link your student(s) is the **PARENT ACCESS** for each student. That is your current parent login.

Once you've entered your student(s), scroll down to the bottom of the screen and click "Enter"

The screenshot shows the 'Create Parent Account' form in the PowerSchool system. The form includes fields for First Name (Joe), Last Name (Smith), Email (JoeSmith123@abcd.org), Desired Username (JSmithPS), Password (masked with dots), and Re-enter Password (masked with dots). A 'Better' button is next to the password field. Below the password fields, a note states 'Password must: *Be at least 6 characters long'. The second section, 'Link Students to Account', contains a heading 'Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account' and a list of students. The first student entry is numbered '1' and includes fields for Student Name (Johnny Smith), Access ID (ABC3), Access Password (masked with dots), and Relationship (Mother).

This screenshot shows the 'Link Students to Account' form with three student entries, numbered 6 and 7. Each entry has fields for Student Name, Access ID, Access Password, and Relationship (a dropdown menu with '-- Choose' selected). A red arrow points from the text 'click "Enter"' to the 'Enter' button at the bottom right of the form.
