

***Welcome. This is a list of requirements that you can refer to throughout the school year to make your high school AP Statistics class a success.***

- 1) TESTS - There will be a 100 point test given after every chapter. There are no retakes or tests dropped. If a student is absent they will take the test the next day.
- 2) FRAPPY – There will be a FRAPPY (Free Response AP Problem, Yay!) given every chapter. These will be open notes but must be done in class. Every FRAPPY is worth 25 points.
- 3) HOMEWORK - Homework will be assigned on a weekly or bi-weekly basis. Homework will be collected and graded out of 25 points. Late assignments will lose points.
- 4) NOTEBOOK – All students will be required to bring a 3-ring binder filled with 8 ½ x 11 inch paper. Students are asked to cover their textbook. I will collect your notebook and grade it every quarter for 10 pts.
- 5) QUARTER GRADES – Your grade for each quarter is based on the total number of points earned on your tests, FRAPPY’s, notebook and homework assignments.
- 6) SEMESTER and FINAL GRADES – Your 1<sup>st</sup> semester grade is based on each quarter grade (40% each) and your midterm grade (20%). Your 2<sup>nd</sup> semester grade is based on each quarter grade (40% each) and your final project (20%). Your final grade is calculated by taking 50% of each semester grade.
- 7) FINAL PROJECT – The final project will be a small group project in which students will take their own data and apply statistical testing and analysis to prove or disapprove of a hypothesis. More on the details will be given at a later date.
- 8) AP EXAM – This is an exam that all students will take in school on a given date in May which will give students credit that can be applied to a student’s college graduation requirement. More on the details will be given at a later date.
- 9) CALCULATORS – All students are strongly recommended to have a TI-83, TI-84, or better graphing calculator. If a student cannot afford a graphing calculator, the school will provide them with one.
- 10) ATTENDANCE POLICY – See student handbook (BOE Policy #5113)
- 11) ACADEMIC and SOCIAL/CIVIC EXPECTATIONS – Students will be able to think critically and problem solve effectively. Students will also be able to demonstrate honesty, responsibility, respect, and safety.
