

NORTH STONINGTON REOPENING PLAN 2020-2021

Amended 1/19/21

Superintendent Foreword

We are certainly in remarkable unprecedented times. As superintendent of schools, I can state that each and every staff member is deeply committed to providing, as always, the best education possible to our students no matter what the circumstances or scenario. Moving forward, first and foremost, we will ensure that our top priority will be the health, safety and welfare of our students and staff. This document is a working document that can be amended at any time depending on the circumstances. Just as we were challenged in the spring, we will do whatever it takes to maintain an excellent school system.

Under the direction of the Board of Education Chairperson, Mrs. Christine Wagner, a “School Re-Opening Task Force” was developed. The task force consists of Board of Education members, the First Selectman, administrators, department heads, teachers, parents, and healthcare professionals. The task force was broken into three-subcommittees: The Logistics Committee-Chaired by Ms. Jen Welborn; Health and Wellness-Chaired by Mrs. Stephanie Mastroianni; and Instruction-Chaired by Dr. Pamela Potemri. The task force and subcommittees have met periodically since June 4th and will continue to meet throughout the school year or as circumstances develop.

While North Stonington Public Schools is a small school in a rural setting, we feel that we benefit from that, especially under the present circumstances. That was evident in the spring, when without notice or any planning we were able to develop a virtual plan that worked quite well under the circumstances. I want to take this opportunity to thank everyone involved with the reopening of schools for taking from their very valuable personal time to help plan to reopen.

Re-Opening Plan: Starting August 31st

North Stonington Public Schools will be opening the 2020-2021 school year in our hybrid model along with the majority of schools within our region. We feel it is safer for all of our stakeholders to return to school in a phased-opening so that our staff and students have adequate time to learn the MANY safety protocols that now exist in our school buildings. We will continue to reevaluate the plan paying close attention to the data in our region.

Full Opening Plan:

Starting February 22nd

North Stonington Public Schools will move to a full return for all students (kindergarten through 12th grade) on Monday, February 22nd. Students will have the following options:

- full remote distance learning
- hybrid plan (attend school 2 days a week and learn remotely 3 days a week)
- full return (attend school 4 days a week on Mondays, Tuesdays, Thursdays, Fridays and learn remotely on Wednesdays)

Starting March 29th

North Stonington Public Schools will move to all students in the full return attending school 5 days a week. All staff members will report to school on Wednesdays.

On behalf of Mrs. Wagner, the entire Board of Education and the North Stonington Public Schools administration, we wish you a successful, and above all, safe and healthy school year.

Sincerely,

Peter L. Nero
Superintendent of Schools
School Reopening Task Force Process

June 4 th	Full Task Force meeting to discuss options in the fall - Subcommittees formed - Logistics, Health and Wellness, Instruction
Week of June 22 nd	Subcommittee Meetings
June 25 th	Governor announces mandate of full return to school
Week of July 6 th	Subcommittee Meetings
July 14 th	Subcommittee chairs meeting
July 20 th	Administration meets with Superintendent and BOE Chair, goes over first draft of reopening plan
July 22 nd	Reopening Task force meeting, receives preliminary plan
July 24 th	Initial Proposal due to State
July 27-29 th	Subcommittee meetings and provide feedback on plan and determine next steps
July 30 th	Plan sent to parents and staff with District Survey and Distance Learning intentions
August 5 th	Survey due

August 11 th	Reopening Taskforce Meeting to review survey and plan
August 19 th	District Question and Answer Session via ZOOM
September 28 th	Reopening Taskforce Meeting to review Full Return
September 30 th	Board of Education Special Meeting on Reopening
October 7 th	Board of Education Special Meeting on Reopening
October 10 th	Board of Education Special Meeting on Reopening
January 20 th	Board of Education Special Meeting on Reopening

The State of Connecticut Department of Education, has clearly identified six guiding principles all school districts must adhere to as stated in the Adapt, Advance, Achieve: Connecticut’s Learning Plan to Learn and Grow Together:

1. Safeguarding the health and safety of students and staff
2. Allowing all students the opportunity to return to school full time starting in the fall
3. Monitoring the school, students, and staff, and, when necessary, potentially canceling classes in the future to appropriately contain COVID-19 spread
4. Emphasizing equity, access, and support to the students and communities that are emerging from this historic disruption
5. Fostering strong two-way communication with partners such as families, educators, and staff
6. Factoring into decisions about reopening the challenges to the physical safety, social-emotional well-being, and the mental health needs of our students when they are not in school

Communication Plan

- District communication will be through the superintendent and will be emailed and posted on the school website
- When a student or staff member has or has been in contact with a COVID person, generally, Ledge Light is contacted first with the test results of a positive case. If the school finds out first we must contact Ledge Light immediately. Ledge Light will begin the process of tracing COVID to those who are by definition, “less than 6 feet for more than 15 minutes” with a COVID or suspected COVID person. From there, Ledge Light will be the barometer and notify those who individuals that need to be notified based on the definition. Those exposed with no symptoms will be quarantined for 14 days. Those who test positive and are sick will be isolated until healthy.
- If there is a positive COVID case in the district, a generic letter will be emailed to our families and the information contained in the email will be based on what Ledge Light feels we can reveal to the public.
- Safety compliance liaisons will email faculty and families with health updates

- Administration will email families with distance learning updates and building information

Health Practices and Protocols

Staying at Home

- Students and staff must stay home if sick with COVID-19 related symptoms
- Students and staff will inform the school nurse if they are sick with COVID-19 related symptoms, particularly if they had a known contact with someone diagnosed with COVID-19 and have also had contact with the school population
- All students, parents, and staff will call the school nurse to report any symptoms, positive COVID test, or absences due to COVID symptoms
- Schools will educate staff and families about when to stay home
 - Distribute the COVID Health and Safety Protocols to all staff and families to identify symptoms of COVID and when to remain home
 - Send email updates to families from district liaison weekly
- All staff and students (or their parents and guardians) will perform a self-assessment prior to leaving for school to identify fever and other possible COVID symptoms. Staff and families will be provided a list of symptoms.
- Each school will revise their attendance policies

Returning to School

- Students or staff must adhere to the most current CDC guidelines on returning to work/school if they have been sick with COVID
- Anyone with close contact with someone diagnosed with COVID must remain home for 14 days after exposure

- The district will follow the guidance from Addendum 5 Adapt, Advance, Achieve: Connecticut's Plan to Learn and Grow Together: Interim Guidance for Responding to COVID-19 Scenarios in Connecticut School Districts

Interim Guidance for Responding to COVID-19 Scenarios in Connecticut School Districts August 6, 2020 (Updated November 3, 2020)

The Connecticut State Department of Education (CSDE) and State Department of Public Health (DPH) have collaborated to provide school districts with guidance and protocols for responding to specific COVID-19 scenarios that may occur with school reopening for the 2020–21 school year. This guidance complements the Containment Plan (p. 23) requirement of Adapt, Advance, Achieve: Connecticut's Plan to Learn and Grow Together, which instructs school districts to develop written protocols for containment and immediate response related to symptoms of, diagnosis of, or exposure to the virus. Information from the Centers for Disease Control and Prevention (CDC) informs the specific scenarios and actions that follow. CDC guidance and public health data are evolving and therefore, this guidance may be updated accordingly. This document addresses issues when a student or staff person has or develops: possible signs and symptoms of COVID-19; a diagnosis of COVID-19; or exposure to a person diagnosed with COVID-19. It describes immediate actions for removing an individual from the school setting and when to safely return them to school. School district leaders are encouraged to use this as a guide, in consultation with public health experts, including school nurses, school medical advisors, local health directors and in consideration of all specific circumstances on a case-by-case basis.

Event	Location of Event	Testing Result PCR or antigen tests can be accepted ³	Isolation/Quarantine Isolation = when you are experiencing symptoms or have a confirmed diagnosis of COVID-19 Quarantine = when you have been exposed but you are not experiencing symptoms
<p>Individual has COVID-19 symptoms¹ but has NOT had close contact² to a person diagnosed with COVID-19</p>	<p>If at home: stay home, notify the school immediately (do not wait until the beginning of the next school day), and get tested.</p>	Individual tests ³ negative	Return to school once there are no symptoms for 24 hours.
	<p>If at school: students should remain masked, adhere to strict physical distancing, be assessed by the school nurse or school medical advisor (if available), stay in the isolation room (with adult supervision), until picked up to go home, consult a healthcare provider, and get tested. If symptoms arise on the bus, students should remain masked and follow the remaining measures listed above upon arrival to school. They must not be sent home on the bus.</p>	Individual tests positive	<p>Remain home (except to get medical care), monitor symptoms, notify the school immediately, notify personal close contacts, assist the school in contact tracing efforts⁴, and answer phone calls from public health officials/contact tracing staff.</p> <p>Stay in self-isolation⁵ for at least 10 days since the onset of symptoms and until at least 24 hours have passed with no fever⁶ (without fever-reducing medications) and with improvement in other COVID-19 symptoms.</p>
	<p>If at school: staff members should remain masked, adhere to strict physical distancing, immediately contact leadership (per district protocols), go home, consult a healthcare provider, and get tested.</p> <p>If a staff or student is ill enough to require transport to a healthcare facility, notify EMS that COVID-19 is a concern.</p>	Individual is not tested	<p>Stay in self-isolation for at least 10 days since the onset of symptoms and until at least 24 hours have passed with no fever (without fever-reducing medications) and with improvement in other symptoms.</p> <p>Can return to school earlier if obtains note from healthcare provider with alternate diagnosis.</p>

Event	Location of Event	Testing Result PCR or antigen tests can be accepted ³	Isolation/Quarantine Isolation = when you are experiencing symptoms or have a confirmed diagnosis of COVID-19 Quarantine = when you have been exposed but you are not experiencing symptoms
<p>Individual has COVID-19 symptoms¹ AND had close contact² to a person diagnosed with COVID-19</p>	<p>If at home: stay home, notify the school immediately (do not wait until the beginning of the next school day), and get tested.</p>	Individual tests negative	Stay in self-isolation for at least 10 days since the onset of symptoms and until at least 24 hours have passed with no fever (without fever-reducing medications) and with improvement in other symptoms.
	<p>If at school: students should remain masked, adhere to strict physical distancing, be assessed by the school nurse or school medical advisor (if available), stay in the isolation room (with adult supervision), until picked up to go home, consult a healthcare provider, and get tested. If symptoms arise on the bus, students should remain masked and follow the remaining measures listed above upon arrival to school. They must not be sent home on the bus.</p>	Individual tests positive	<p>Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist public health and the school in contact tracing efforts.</p> <p>Stay in self-isolation for at least 10 days since the onset of symptoms and until at least 24 hours have passed with no fever (without fever-reducing medications) and with improvement in other symptoms.</p>
	<p>If at school: staff members should remain masked, adhere to strict physical distancing, immediately contact leadership (per district protocols), go home, consult a healthcare provider, and get tested.</p> <p>If a staff or student is ill enough to require transport to a healthcare facility, notify EMS that COVID-19 is a concern.</p>	Individual is not tested	Stay in self-isolation for at least 10 days since the onset of symptoms and until at least 24 hours have passed with no fever (without fever-reducing medications) and with improvement in other symptoms.

Event	Location of Event	Testing Result PCR or antigen tests can be accepted ³	Isolation/Quarantine Isolation = when you are experiencing symptoms or have a confirmed diagnosis of COVID-19 Quarantine = when you have been exposed but you are not experiencing symptoms
<p>Individual does not have COVID-19 symptoms BUT had close contact² to someone diagnosed with COVID-19</p>	<p>If at home: stay home, notify the school immediately (do not wait until the beginning of the next school day), and get tested.</p> <p>If at school: students should remain masked, adhere to strict physical distancing, be assessed by the school nurse or school medical advisor (if available), be picked up to go home, consult a health care provider, and get tested. Students who do not have symptoms may remain in the health room until they are picked up, they do not have to be sent to the isolation room. They must not be sent home on the bus.</p> <p>If at school: staff members should remain masked, adhere to strict physical distancing, immediately contact leadership (per district protocols), go home, consult a healthcare provider, and get tested.</p>	<p>Individual tests negative</p>	<p>Remain home in self-quarantine⁷ for 14 days from last exposure to the person diagnosed with COVID-19.</p>
		<p>Individual tests positive</p>	<p>Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist public health and the school in contact tracing efforts.</p> <p>Stay home until 10 days have passed since date of the positive COVID-19 test or if symptoms occur, 10 days since symptom onset.</p>
		<p>Individual is not tested</p>	<p>Remain home in self-quarantine for 14 days from last exposure to the person diagnosed with COVID-19.</p>

End notes

- 1 Key COVID-19 signs and symptoms are:** feeling feverish, measured temp 100.4 F or more, chills, uncontrolled new cough, shortness of breath, difficulty breathing, loss of taste or smell. There are other more nonspecific signs and symptoms. For a full list, see CDC Web page at <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>
- 2 Close contact:** Spending at least 15 minutes within 6 feet of a person with confirmed COVID-19 within 24 hours, or a direct exposure to possibly infected droplets of saliva or nasal mucus (e.g., begin sneezed or coughed on in the face). See CDC web page at <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>
- 3 COVID-19 test for school/work attendance:** This is a viral test, NOT an antibody test. Tests for the presence of the virus must be used. Antibody tests, which test for the individual's immune system reaction to a past viral infection should not be used to determine school attendance (see CDC information on COVID-19 tests at <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/testing.html>). This can include a molecular test (often called a PCR test) or an antigen test. A negative antigen test in a person with symptoms consistent with COVID-19 or a close contact without symptoms should be followed up with a PCR test. Find DPH guidance on the use of antigen tests here: <https://portal.ct.gov/DPH/HAI/COVID-19-Healthcare-Guidance>.
- 4 Contact tracing:** A public health intervention in which the contacts of a person with a communicable disease are identified, and possibly tested, quarantined or isolated to interrupt the transmission of the virus in a population. <https://portal.ct.gov/Coronavirus/ContaCT>
- 5 Self- Isolation:** Individual with signs or symptoms of COVID-19, or a positive test, stays home until no longer infectious for at least 10 days since the onset of symptoms **and** until at least 24 hours have passed with no fever (without fever-reducing medications) and with improvement in other COVID-19 symptoms. See CDC web page at <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/isolation.html>
- 6 Fever:** Measured temperature of 100.4 F or higher
- 7 Self-Quarantine:** Individual without symptoms stays home for 14 days since last exposure to someone who was diagnosed with COVID-19 (the incubation period of the virus). See CDC web page <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html> or https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html?CDC_AA_refVal=https%3A%2F%2Fwww.cdc.gov%2Fcoronavirus%2F2019-ncov%2Fif-you-are-sick%2Fquarantine-isolation.html

Social Distancing

- Maximize social distancing between student workstations, achieving 6 feet when feasible, when determining the classroom layout. This is in accordance with the Adapt, Advance, Achieve: Connecticut's Plan to Grow Together.
- Desks/tables should face in the same direction or students should sit on only one side of the tables spaced apart as much as possible.
- Maximize space between the teacher and students during instruction
- If a teacher removes their face mask during instruction, spacing should be increased beyond six feet.
- All staff and students will wear masks in the building

Face Coverings

- All students and staff when they are inside the building must use face coverings with certain exceptions:
 - For anyone who has trouble breathing, or is unconscious
 - For anyone who has a medical reason making it unsafe to wear a face covering. (A doctor's note will be required.)
- Teach and reinforce use of cloth face coverings
- Develop a consistent policy for mask breaks
 - Lunchtime and breaks outside where students remain at a distance of at least 6 feet
- This CDC Video reviews the key points about wearing a face mask:
[How to Wear a Face Cloth Covering](#)

Health Monitoring Plan

- Provide protocols for monitoring symptoms that could be related to COVID-19
 - The school nurses will actively monitor staff and student absenteeism and track the reasons for their absences to identify any trends that would suggest the spread of illness such as COVID-19

Signs

- Signs will be posted throughout the building on health and safety protocols
- The following signage will be displayed in the buildings:
 - Proper handwashing
 - Proper face covering
 - Social distancing

- Traffic flow

Cleaning and Disinfecting of Schools

- Schools will follow the CDC disinfecting and cleaning guidelines
- High touch areas will be disinfected on an on-going basis throughout the day (railings/door handles/counters, etc)
- Arrival
 - The entrance doors at arrival and departure times will be propped
 - After arrival time, the main entrance area, stairwells and all the door handles will be disinfected.
- Restrooms
 - Every other stall / urinal will be in use and one faucet will be in use
- Cafeteria
 - Extra tables provided for social distancing
 - Before and during every lunch wave, tables and chairs will be disinfected
 - Trash cans will be emptied after every lunch wave
 - At the end of lunch waves, all surfaces (tables/chairs/floors) will be disinfected
 - Kitchen staff will be assisting
- Classrooms
 - PPE supplies provided: gloves, disinfectant spray and/or wipes, paper towels, hand-sanitizer
 - Students will be given opportunity to disinfect their area before and after they are done with their space using PPE supplies that are provided
 - Custodians will disinfect some classrooms, such as PRE-K during the day. We have roughly half-hour in between AM/PM sessions (Lower grade levels that have restrooms/ Mid-day cleaning
- Water Fountains

- Disable the push button
- Bottle fill station will remain operational as it is no-touch
- Buses
 - Will provide disinfectant spray, paper towels, and garbage bags

This is the cleaning schedule that will be followed starting October 21st, 2020. The plan will only work in the event that the building is free and clear of all staff (as scheduled) and that there are no major assemblies/meetings scheduled.

This schedule can and will be adjusted as needed

- Custodial staffing hours
 - Elementary school staffing hours:
 - 1 (One) Day person = 7:00am – 3:30pm
 - 1 (One) Midday person = 11:00am – 7:00pm
 - 1 (One) Late person = 3:30pm – 11:30pm
 - MS/HS school staffing hours:
 - 1 (One) Day person = 7:00am – 3:00pm
 - 1 (One) Midday person = 11:00am – 7:00pm
 - 2 (Two) Late person = 3:00pm – 11:00pm
- Classrooms
 - Empty trash and recycles nightly
 - Sweep/vacuum floors nightly (if possible put student chairs on top of desks on Mondays, Tuesdays, Thursdays and Fridays. Not on Wednesdays)
 - Wash floors 2 times a week minimum
 - Disinfect/spray high touch areas nightly (door handles, desks, chairs, flat surfaces, pencil sharpeners, sink areas)
 - Wednesday: wash sinks, dusting, furniture cleaning

- Offices
 - Empty trash and recycles nightly
 - Sweep/vacuum/wash floors every other night
 - Disinfect/spray high touch areas nightly
 - Wednesday: furniture cleaning/dusting

- Restrooms (including ones in classroom)
 - Midday, disinfecting high touch areas
 - Nightly, full cleaning/disinfecting

- Kitchen and Cafeteria
 - Lunch tables are washed and sanitized in between every lunch wave with the help of the kitchen staff when possible
 - Kitchen is thoroughly cleaned at end of lunches
 - Cafeteria floor is swept and washed at end of lunches

- Gym
 - Sweep floor daily
 - Wash floor 2 times a week minimum (using floor machine). This may have to be adjusted due to sports scheduling.

- Locker rooms (middle/high school only) minimal use at this time, when in use and being used as changing rooms:
 - Empty trash
 - Sweep/wash floor
 - Clean/disinfect shower area and restrooms.
 - Disinfect/spray high touch areas

- Hallways/stairwells
 - Sweep/vacuum daily
 - Wash every other day minimum

- Classroom door handles/Railing/High touch areas in hallways

- Cleaning/disinfecting is done throughout the day

The following cleaning logs will be posted on the back of the bathroom, classroom, and office doors to monitor the cleaning.

[Bathroom Cleaning Log](#)

[Classroom Cleaning Log](#)

[Office Cleaning Log](#)

Containment Plan

- Each school will have an isolation room
 - Conference rooms
- Protocols for containment and immediate response if an individual has signs or symptoms of COVID-19, there is a known exposure, or a member of the school community has a confirmed diagnosis of COVID-19
 - Immediate coordination with local health department
 - Response team will be notified: include safety compliance liaison
 - Consideration of what signs and symptoms exhibited by students or staff would require their immediate dismissal of school
- Any student with COVID symptoms will remain in the isolation room until adult arrives to pick up
- Student will be supervised in the room until adult arrives; member of response team will wear proper PPE
- Log in all persons that enter the room
- Initiate proper CDC cleaning procedures after student leaves the building
- Notify health department and superintendent when isolation room is used
- Policy for dismissal of student or staff who exhibit symptoms of COVID-19
 - Parent is notified by school nurse

- When parent arrives to front corridor, child will be brought to parent

Ventilation

- The district employs a state of the art climate control HVAC system in all schools. The high school system is 1 ½ years old and the elementary system is brand new. The general frequency of changing the filters recommended by the manufacturer is quarterly, utilizing a MERV-8 filter. Beginning at the time of the reopening, based on the recommendation of our vendor, we will now install a MERV-13 filter and the frequency of changing them will be every month.
- The buildings will be flushed with fresh air before and after the school day each day.
- Licensed HVAC contractor will perform work.

Training

- Prior to the start of the school, all faculty and students will be trained by the school safety compliance liaison, administration, and the counseling department at the beginning of the year on the following:
 - Key COVID-19 signs and symptoms from Addendum 5: Adapt, Advance, Achieve: Interim Guidance for Responding to COVID-19 Scenarios in Connecticut School Districts: feeling feverish, measured temp 100.4 F or more, chills, uncontrolled new cough, shortness of breath, difficulty breathing, loss of taste or smell
 - Standard Public Health protocols
 - Social distancing
 - Frequent hand washing and the use of hand sanitizer
 - Use of face coverings that completely cover the nose
 - Mouth, respiratory cough etiquette, and enhanced cleaning/disinfection of surfaces
 - Hygiene Practices

- Proper hand washing
 - Use of sanitizer
 - PPE
 - Face coverings
 - Reporting Illnesses
 - Supporting Social Emotional Learning
- All faculty will be trained by administration/program supervisors during the professional development on the changes to daily operations

Social Emotional Learning

- School counseling department (school counselors, psychologist and social worker) will create a plan to re-engage all students, staff and families
 - Survey families on social and emotional status of students
 - Will act as a liaison to students who are home and not returning to the classroom to help keep the engaged with others
 - Provide lessons/opportunities for students and adults to connect, heal, and cultivate their own SEL competence
 - Offer individual counseling sessions for students who are struggling due to the pandemic and or/academic issues

- Work with families individually and in all settings to support struggling students
- All staff will be trained by the school counseling team on
 - Recognizing students who may be struggling
 - Starting the year developing strong relationships of trust with students
 - How to monitor over the course of any distance learning students who may need more support
 - Creating plans for students who are struggling
- Program Supervisors/grade level teams will meet with departments to
 - Discuss students weekly who are struggling
 - Refer students to School Counseling office if necessary
 - Monitor any plans in place to support students already identified with plans in the classroom

Reopening Learning Models

1. Full Return Plan

- February 22-March 26: All students will attend school four days a week (Mondays, Tuesdays, Thursdays, and Fridays) and all students will learn remotely from home on Wednesdays.
- Starting March 29th: All students in the full return will attend school 5 days a week.
- Parents/guardians would complete a distance learning form to permit their student to participate in the full distance learning plan provided by North Stonington Public Schools. Any student can participate in distance learning. Some students may have to have distance learn because of illness or quarantine.
 - The North Stonington Public Schools distance learning virtual plan is not the same as homeschooling that is provided to students by a family with no support from the school. Parents who elect the homeschooling option must withdraw their student from North Stonington Public Schools and follow the homeschooling policy.
- Students may return to full-time, in-person learning upon administrative approval providing that there is no illness or quarantine in place. Students cannot distance learn on some days and come to school in-person on other days.

Our choice to start the year

2. *Hybrid Model- Mix of in-school and remote learning following the regional recommendation from LEARN for consistency*

- All students will attend school two days a week and learn remotely from home the other three days.
- The school and support staff reserve the right to make recommendations for students to attend school all four days if they proved extreme academic difficulty participating in quarter 4 distance learning last school year.
 - This is determined using data from the support team during quarter 4 and a parent has the right to decline participation.
 - Parents cannot request this option.
- Parents/guardians would complete a distance learning form to permit their student to participate in the full distance learning plan provided by North Stonington Public Schools. Any student can participate in distance learning. Some students may have to have distance learn because of illness or quarantine.
 - The North Stonington Public Schools distance learning virtual plan is not the same as homeschooling that is provided to students by a family with no support from the school. Parents who elect the homeschooling option must withdraw their student from North Stonington Public Schools and follow the homeschooling policy.
- Students may return to the hybrid plan with in-person learning upon administrative approval providing that there is no illness or quarantine in place. Students cannot distance learn on some days and come to school in-person on other days.

3. *Full Remote Distance Learning Model*

- All students will learn remotely from home following a distance learning plan full time.

Cancellation of Classes and Remote Learning

As of today, North Stonington Public Schools are following the State of Connecticut’s guidelines and recommendations and planning for a full return to school. We recognize that at any time, this recommendation can change and we are prepared to move to a hybrid, or full distance model if necessary. Please see the chart below, from the State of Connecticut that delineates the possibility of class/school cancellations and how decisions will be made moving forward upon such announcements:

LOW
<ul style="list-style-type: none">• Schools operating up to 100% capacity, students/staff with underlying medical conditions should consider restrictions and blended/remote learning• Buses up to full capacity with bus monitors recommended, facial coverings in place during transit, controlled loading/unloading of riders• Face coverings for students and staff while inside school buildings• Identification/isolation of sick students/staff• Cohorting of students encouraged, particularly in younger grades, restrictions on congregating• Maximize spacing of seating up to six feet when feasible• Increased cleaning and sanitization protocols
MODERATE
<ul style="list-style-type: none">• Schools operating at reduced capacity, with more reliance on hybrid model, blended/remote learning, prioritize access to school building for students who need the more learning support, including but not limited to those receiving special education, ELs or limited access due to devices or connectivity issues• Buses at reduced capacity with bus monitors strongly recommended, facial coverings in place during transit, controlled loading/unloading of riders, spaced seating between unrelated riders• Face coverings for students and staff while inside school buildings• Maximize spacing of seating up to six feet or more when feasible with reduced class sizes• Identification/isolation of sick students/staff• Cohorting of students, restrictions on congregating, staggered start/stop times and hallway transit• Indoor extracurricular activities should be suspended, sports and other outdoor activities should consider restrictions on activities• Increased cleaning and sanitization protocols
HIGH
<ul style="list-style-type: none">• Schools closed, 100% remote learning, bus transportation suspended, extracurricular activities, including sports, should be suspended

General District Guidelines

- Staff will be as flexible as possible with spacing requirements for student workstations. Although CDC/CSDE requirement is "6 feet when feasible" we will leave lots of room for teachers and administrators to organize classroom maps so that all students fit in a classroom and so that classroom can function.
- EVERYONE must wear a face covering at all times on the bus and in school. Students with documented medical concerns may wear face covering as prescribed or a face shield. However, a face shield by itself does not fully protect others in contact with the students or staff members. Again, teachers and administrators need flexibility so that all students can be accommodated in a classroom.
- The MS/HS and elementary school will use one-way traffic flow on each floor. All students and staff MUST follow the traffic flow pattern (even if they are "just going to the next classroom"). A consideration will be given for increased passing time to allow for longer walk to classrooms.
- A video tour will be online to demonstrate what a typical classroom, lavatory, hallway, the cafeteria, and school lobby, etc., will look like.
- A video will be online for families and students which will demonstrate how to properly put on, wear, and remove a mask. Video would also address how to store masks that will be reused and disposal/laundrying of masks.
- The number of stalls and urinals will be limited for spacing purposes and limit the number of students in a lavatory at the same time. The use of administrators, teachers, paras, per diem and substitute teacher monitors will be deployed wherever possible to limit and control the number of students in the lavatories. It could also mix students from different cohorts.
- Lavatories will be cleaned and sanitized at mid-day. A thorough cleaning and sanitizing will take place at the end of the day.
- Surface and high touch areas of the classrooms will be thoroughly cleaned and sanitized at the end of each day. A deep cleaning will take place once per week depending on the schedule.
- All offices, conference rooms and classrooms will have liquid sanitizing dispensers. Each classroom will have either approved for student use sanitizing hand wipes or approved spray cleaner with paper towels. Latex gloves will be available in every classroom.
- Signage and direction arrows hallways for student and staff traffic will be in all schools. Spacing markers will be deployed where appropriate. When staff returns, a final assessment of the traffic patterns will be made by the principal and the staff as there may be changes based on teacher feedback when they return full time to their classrooms on August 24. Modifications will be made accordingly.
- Student dividers will be available for desktops and tables when students will be socially distanced by less than 6 feet.
- Ventilation- The district employs a state of the art climate control HVAC system in all schools. The high school system is 1 ½ years old and the elementary system is brand new. The general frequency of changing the filters recommended by the

manufacturer is quarterly, utilizing a MERV-8 filter. Beginning at the time of the reopening, based on the recommendation of our vendor, we will now install a MERV-13 filter and the frequency of changing them will be every month.

- We will not have any after school activities. We will have high school sports, unless quarantined at any time during the reopening. There may not be enough middle schools having sports for the district to compete. While they are sanctioned by the CIAC, they are not required. Having middle school sports will still need to be determined.
- Visitors may not be permitted, including parents. For release of students to parents during the school day, the district will employ email and DocuSign® for parental release of a student. For vendors and all other essential staff, signage will read: “ALL VISITORS TO THE SCHOOLS MUST WEAR FACE COVERING”. Vendors will be instructed to enter the building in the most restrictive areas and manner. Whenever possible, they will enter outside the school day.

Transportation

- Face coverings must be worn on buses. Extra face masks will be available on buses. Repeat offenders of the face covering policy will be reported to the administration.
- Parents should have their children wash hands or use sanitizer prior to boarding the bus.
- Pre-K through grade 6 will sit in assigned sections. Students in middle/high school will not have assigned seats.
- Windows and a vent hatch will be opened during runs, weather permitting.
- At the end of the runs the doors will remain open to vent the buses.
- All high touch areas will be sanitized between runs

Pick Up/Drop Off

- Students will only be allowed to ride their assigned bus to and from school. If before school or after school care has been arranged and a different bus is needed than the bus assigned based on address of record, this can be requested by the parent/caregiver and the student will be assigned to that bus. Students are not permitted to ride a different bus on a one-off basis.
- Buses will drop off students as soon as they arrive at the school. School staff will be present to direct students to their assigned entrance (elementary school).
- Buses will unload at the school from the front to the back.
- Students will load buses in the afternoon by bus number. For example, a bus number will be called and all MS/HS students riding that bus will exit their classrooms and head directly to their buses for loading. At the elementary school it is anticipated that students will be grouped by bus number and will load as buses arrive for the trip home.
- **Students must wear a face mask on the bus at all times.** Bus drivers will have extra masks BUT it is parent/caregiver responsibility to ensure their students wash their hands prior to getting on the bus and have a mask to wear on the bus. Parents are encouraged to send extra masks with their children for the school day.
- If M&J is unable to run a particular bus (driver out sick and no replacement), certain bus routes have been identified that can be split and longer runs done to enable all students to get to school.

Buses, Vans and Student Transportation Vehicles

- Elementary school students will be grouped on their bus by grade with Pre-K/Kindergarten students at the front of the bus, moving to 6th grade students at the back of the bus. Signage will indicate zones for grades in each bus.
- Bus drivers may elect to assign seats; this is an individual driver decision. Students must remain in their seats during the bus ride to/from school.
- High touch areas will be cleaned after each bus run (for example, after MS/HS morning run or after ES after school run). Bus windows will be open (weather permitting) and the hatch adjusted to ventilate the bus during all runs. Buses in the yard will have all doors and windows open to ventilate buses between morning and afternoon runs.
- Students will load buses in the afternoon by bus number. For example, a bus number will be called and all MS/HS students riding that bus will exit their classrooms and head to their buses for loading. At the elementary school it is anticipated that students will be grouped by bus number and will load as buses arrive for the trip home.
- No sanitizer will be provided by M&J for students. They will provide masks and sanitizer for their drivers. Parents may elect to send sanitizer with their students, but this must be done appropriately and students must use sanitizer responsibly at all times.
- Cleaning supplies will be provided by North Stonington Public Schools (anticipate this will be paper towel and cleaning spray).
- If bus monitors are deemed necessary, these must be provided by the school.
- Where possible, the first row of the bus will be kept empty to increase distance between students and driver.
- If a student IEP precludes wearing a face mask, M&J must be notified.

Guiding Principles for Wheeler High School/Middle School
Revised 1/15/2021

Cohorts

- MS: Cohort by math groups, world language, PE/music
- HS: will be grouped by classes; 4 classes each day

Visitors

- Restrict non-essential visitors
- Parents will enter the first doorway and proceed to the window

Arrival/Dismissal/Bus

- One bus at a time will unload starting at 7:30
- Teachers will be in classrooms at 7:30
- All students will go directly to first class
- Morning bus duty teacher will direct students to class immediately
- Parents will drop off students starting at 7:30
- Stagger dismissal times at end of day by bus group
- Parent pick up: will enter and remain in corridor
- No parents in building at all: electronic sign-out system
- Seniors release will allow students to arrive late and leave early for each period they have a study hall

- Students can eat breakfast in commons from 7:30-7:45; one student per table; bagged breakfast

Classrooms

- All desks facing same direction
- Maximize space between desks
- Student dividers if possible
- All students wear masks
- Teacher wears mask unless 6 feet away
- Students that enter room wipes area/desk/computer
- Hand-sanitizer available as students enter and exit each room
- Gloves for elective classes where applicable
- Supplies organized and labeled per class/student
- Individual projects (no in person group work)
- Identify gaps and develop action plans for reopening

Halls/lockers

- One-way traffic in halls
- One way stairs, mark 6 feet apart on floor
- No hallway lockers or PE lockers

Lunch

- All packaged lunches
- 5 lunch waves (30-65 students per wave)
- The commons, outside area, gym hallway and/or gym will be used
- Tables will be marked where students can sit 6 feet apart
- Stagger dismissal of lunch
- All tables and serving areas will be cleaned/wiped between each lunch
- PPE equipment needed for food service workers

AHR

- AHR is part of the third class of the day
- Use time to review protocols/changes
- Use time to check Google, complete virtual group work
- Students at home full-time can use time to meet with teachers

Bathroom

- Students may not congregate in the bathroom to socialize

- Teachers may only send one student to the bathroom at a time
- Students will wear masks while in the bathroom, as well as when travelling to and from the bathroom
- Assign staff members to monitor each bathroom throughout the day
- Students use hand sanitizer upon entry and exit of the bathroom
- Custodian does frequent checks and sanitation of each bathroom (clean bathroom at least 2 times per day).
- Minimizing bathroom capacity by half
- No hand dryers; use disposable paper towels

Band/chorus

- Band and chorus was separated into two groups/classes to decrease number
- Band/chorus will be moved over to the old Wheeler MS/HS in a full return and use the media center and cafeteria. Teachers will escort all students back and forth using the tunnel for all band/chorus classes.
- 12 feet if possible all facing same way
- Play in small groups
- Use stage/gym/media center/commons/outside for music classes
- No instrument sharing

PE/Fitness

- Teacher led- individual activities as much as possible
- Outside as much as possible
- Socially distant fitness room with half-capacity
- Fitness equipment wipe down after each use by students/staff
- Changing
 - Small groups of 10 at a time or NO changing for PE classes
- Gloves for sports that use shared equipment

Study hall

- Each period divided into 2 groups when needed

Clubs

- Clubs will be offered during AHR/virtual time and be in person or virtual
- All students will be recorded using the Outlook calendar

Computer labs and carts

- No sharing carts
- Classes cannot sign out labs

Remote Learning for students that choose to stay home full-time

- Teachers will use Google Meet/cameras for those students at home

- Teachers will post weekly agenda in Google Classroom
- Teachers will post all assignments in Google
- Teachers will be available for virtual students during AHR time
- Teachers can create virtual group work opportunities to connect students with each other using Google Meet which will allow students who are home opportunities to connect with students at school
- School counseling team will serve as liaisons between virtual students and teachers

Guiding Safety Principles for North Stonington Elementary School

Revised 1/19/2021

Cohorts

- Each grade level class will form a cohort with the same group of students daily. Students will move to classrooms such as Music, Art, with time for cleaning in between the classes.
- Families to be notified of cohorts with class placement letters
- Grade levels will develop plans to re-engage students to a full classroom

Visitors

- Restrict non-essential visitors
- Parents will enter the first doorway and proceed to the window

Arrival/Dismissal

- Any student suggesting that they are not feeling well upon arrival will be sent directly to the nurse
- Staggered arrival time to enhance safety protocols on buses; students will disembark as soon as the bus arrives
 - Bus: Provide masks for students without masks
 - AM – Students embark bus from back to front and disembark from front to back
 - PM – Students will be called to the buses as they arrive loading four buses at a time
- **Parent Drop Off** – Student drop off begins at 8:20 and students will be assisted out of car by staff member
- **Parent Pick Up** – Parents will wait in their car and students will be brought to them

Classrooms

- All students facing forward in all classrooms providing desks or dividers for classrooms with tables
- Maximize social distancing between seating of students if possible. (**6 feet apart is recommended but will not be possible with full return**) Masks must be worn at all times.
- Teacher will wear mask except when students need to see to see lip movements for letter sound.
- **Provide time at the beginning of the year, if full return** and during the year to review new policies:
 - Social distancing
 - Hand washing and use of sanitizer
 - Use of face covering to cover nose and mouth
 - Respiratory and cough etiquette
 - Enhanced cleaning of surfaces
- Protocols in place to minimize the need of sharing materials, equipment including but not limited to books, computers, writing utensils, keyboards, headphones and art supplies. Each child will have their own supply of needed equipment for classroom and art.
- Use of Google Classroom during regular school day
- Identify gaps and develop action plans for reopening-
- Social/Emotional support through teacher training, school psychologist and social worker
- Possible use of gym and library to maximize social distancing for instruction
- Students will participate in distance learning through Google Classroom and Meet and participate in small group instruction as needed in rotations through Google Meet
- No rugs or cloth like furniture in classrooms

Halls

- Hallways marked with arrows to allow for social distancing. Due to width of hallways, two-way traffic is allowed.
- Install floor markings to determine physical distance limiting face to face encounters

Lunch

- Hot and bagged lunches are available as well as breakfast.
- Lunch times will be staggered.
- Lunch

Grades 1, 2 10:45-11:10

Grades K & 3 11:20-11:45

Grades 4 11:55-12:20

Grade 5 12:00 –12:25

Grade 6 12:30-12:55

Recess

Grades 1, 2 10:15-10:40

Grade 3 10:50-11:15

Grade 4 11:20-11:45

Grade K 11:45-12:10

Grade 6 12:00-12:25

Grade 5 12:25-12:50

- **For full return: (a full return lunch schedule will be created based on the final number of students in school)**
 - 1st – 2nd Grade Lunch – Classes will eat in the cafeteria, community space, and/or classrooms.
 - K and 3rd Grade lunch – Classes will eat in the cafeteria, community space, and/or classrooms.
 - 4th Grade lunch – Class will eat in the cafeteria.
 - 5th Grade lunch – Classes will eat in the cafeteria, community space, and/or classrooms.
 - 6th Grade lunch - Class will eat in the cafeteria.
- All tables and serving areas will be cleaned/disinfected between each lunch.
- PPE equipment needed for food service workers.
- Students will receive a squirt of hand sanitizer as they leave the cafeteria.

Recess

- Recess times will be staggered with ways to minimize sharing of equipment. Each cohort will be assigned a play area.
- Equipment will be cleaned between each recess
- Recess may need increased supervision to monitor social distancing with full return
- Students will wash hands with soap and water after recess.

Unified Arts

- Music - Guidelines from national and state music associations still being developed
 - Chorus could occur weekly alternating with small groups of 10-12 if scheduled
 - Time to sanitize classroom instruments and cleaning of surfaces between classes
- Computer lab mouse and keyboard will be sanitized between classes
- Students can borrow books from the library and will not be returned to stacks for 72 hours
- Students will have their own material for art
- PE will be held outside weather permitting where students have own equipment or clean it between classes. Inside the students will remain at a safe social distance.
- Band-Students will be 12 feet if possible all facing same way, play in small groups and no sharing of instruments

Bathroom

- Minimizing bathroom capacity by half
- Will be cleaned at least 2 times per day
- Use of disposable paper towels

Doors

- Prop bathroom doors, stairway doors, classroom doors for no touch

Students who continue Distance Learning

- Identify gaps and develop action plans for academic and Social/Emotional support
- Survey families for computer availability and internet service
- Teachers will use Google Meet/cameras for those students at home
- Teachers will post weekly plans and assignments in Google Classroom
- Teachers will create virtual group work opportunities to connect students with each other using Google Meet which will allow students who are home opportunities to connect with students at school

Guiding Principles for North Stonington Special Education

Full or Partial Return

As stated in CT plan, students eligible for special education must be treated as general education students first with guidance and policies related to reopening plans applying to all students. If a student is unable to return to school as determined by the district, individualized plans and alternative plans will be created based on student need.

- Teachers will identify gaps and develop action plans for academic and social/emotional support.
- Families will be surveyed for computer availability and Internet service.
- Depending on student specific services, instruction will be push-in with cohort. For individual services, students will transition to resource rooms with cleaning and disinfecting between sessions. Teachers will wear PPE or see through mask or shield.
- All students will face forward in all classrooms with desks or use dividers for classrooms with tables.
- Environmental modifications and possible use of clear masks or shields will be considered for students who are unable to typically wear masks.
- Each child will have their own supply of needed equipment for classroom instruction.
- Disability or social/emotional challenges will be addressed with support through teacher training, school psychologist and social worker.
- Protocols for communication from superintendent will support all students including special education students.
- For students with high level of needs, the special education faculty and staff will communicate and engage parents in developing transition plan to school.

Distance Learning

- Special education or resource teachers or staff will provide individual or small group instruction based on IEP goals and objectives through Google Meets. If necessary, students will be provided technology from the district.
- Special education students are expected to follow guidelines for distance learning determined for all students.
- Students with complex and significant needs will be considered for in-person instruction.

*At the completion of this plan, the State of CT is working on special education supplement to the CSDE Adapt, Advance, Achieve plan.

Distance Learning Form

Intention to Participate in Distance Learning

In the event that you choose to have your child(ren) temporarily participate in distance learning due to COVID-19, please complete this form and return it to your child's school by August 14, 2020.

For clarification purposes, and to avoid confusion between "distance learning" and "homeschooling", we have provided a brief definition of each below.

Distance Learning: In a temporary situation, students will participate in their education remotely, and it will be delivered by NSPS certified teachers utilizing an established curriculum. Students are expected to attend remote classes daily and complete required work and assessments just as if they were attending in-person. They will be graded and must participate in our full academic program. Students can return to the classroom upon administrative approval, but the student must return permanently. Students cannot distance learn on some days and come to school in-person on other days.

Homeschooling: Homeschooling is a completely different option than NSPS Distance Learning. Parents/Guardians accept full responsibility for the education of their children in accordance with the requirements of state law. Parents purchase or build the curriculum and serve as the teacher. Homeschool students are withdrawn from North Stonington Public Schools. A NSPS Withdrawal Form is completed and presented to NSPS annually.

My student will temporarily participate in distance learning next year. I understand that I need to communicate with the school to make arrangements for my child's re-entry into in-person learning prior to returning to school.

Name of Student: _____

Date of Birth: _____

Address: _____

Telephone: _____
School: _____

Notes for students::

Resources Needed

- Provide one device per high school student grades 9-12
- Provide one device per each Pre-K to Grade 8 student as needed
- Provide a device for each paraprofessional
- Google Add-on Apps
- Training
 - Safety Protocols
 - Google
 - Curriculum: identify gaps and first unit of study
- Possibility of iPads for math teachers
- WiFi installation costs for families that need
- Per diem(s)
 - Consistency of who is in building
 - Teacher absences may increase
 - Cover large classes/study halls/arrival/dismissal
- Front window entry
- Door stops
- Signs/tape
- Masks/Shields
- Gloves
- Cameras
- Desk/table dividers
