

Dear Wheeler Parents/Guardians,

We are honored and privileged to serve the students and faculty of Wheeler; a place where we are both so proud to lead! We have an open door policy and we encourage you to reach out if you have any questions or concerns. We know and appreciate the role that parents/guardians play in our work with our students, and we continue to strive to empower our Wheeler students to use their own voices and reach out to their teachers if they need support. We are also aware that there are times when as parents/guardians, you need to be involved and contact others for assistance. We encourage you all to follow the proper chain of command, first at the classroom level, by reaching out to faculty and staff. If you have exhausted those measures and need to reach out to one of us, we are here to help and support in any way that we can.

We also want to make you aware of some of the methods of communication that we use to update our Wheeler families on the happenings going on in and outside of the classrooms each day. Please be aware that we also use the following measures to communicate:

- **PowerSchool Announcements: district and school-level phone messages or emails will be sent using the information in PowerSchool that is provided on the school profile sheet**
- **Principal weekly emails: Kristen St. Germain will send out weekly emails on Fridays with important information and updates**
- **Associate Principal REMIND Account: Allison Reyes will send out REMIND messages with important school-wide information. **If you would like to receive these messages, please sign up:****

Middle School: Send a text message to 81010 and text this message: @ga76ah

High School: Send a text message to 81010 and text this message: @7hb398

Social Media: The following accounts have already been established to share information with all of our Wheeler families and students. Each year we continue to add more as we truly believe communication is everything!
